

# USB FlashRadio

a very powerful way of getting and keeping your branded message and website visible every time your FlashDrive is used by your customer.

- Simply add the software to your next FlashDrive promotion and it launches every time the drive is accessed.
- USB FlashRadio provides your customer with all they need, to access and listen to their favourite Internet radio stations, on any computer, no matter where...

This NEW software is also truly interactive allowing you to change, update and alter the content yourself over the Internet, whenever you want and how often you want... tracking and measuring your FlashDrives use is also possible with our online reporting tool. The possibilities are endless with this great new "low budget" software, which can be added to any of our FlashDrives on request.

## Functionality

- Suitable for any FlashDrive
- USB FlashRadio will automatically start after plugging in the FlashDrive
- A personalised interface will load and radio stations can be added
- Internet connection is required
- Function to record radio clips, as MP3, which will be saved on the desktop
- Reporting tool based on unique chip number of the FlashDrive
- Depending on the choice of a basic or premium version, the interface can be changed
- Via [www.usbflashradio.com](http://www.usbflashradio.com) you can log-in and check detailed statistics about the use of your FlashDrive
