## Flex Neck Book Light

Product Name: Flex Neck Book Light

Manufacturer: -

Model Number: TGS1056

This ultra-bright LED Book Light is fully adjustable, compact and extremely flexible, so that it can flex and turn in every direction to shine light at the very spot where you need it. Typically it can be adjusted in such a way to either light up the whole page or just part of it, you choose!

It is by far the best book light we've ever come across - the light is very bright and the fact that it uses AAA batteries makes it last some much longer than ordinary book lights.

Clips to any size book or magazine and can be used for convenient table-top illumination.
