Including Gil Morgan's victory at the Wal-Mart First Tee Open at Pebble Beach. As golfers discover the distance it adds to drives, it will be an essential in every golfer's bag.

The product has undergone rigorous performance tests and improvements for the past 18 months. Although the pursuit of a superior tee is far from over, the product is ready to be put to the test of the golfing public.

"4 Yards More" Golf Tee is the only tee scientifically proven in two batteries of tests to outdistance wooden tees. We took the average of the two tests and give you the latest in performance golf tees. "4 Yards More" Golf Tees. 100% Guaranteed or your money back.

How It Works

"4 Yards More" Golf Tee is a reusable golf tee that will add more yards to your driving distance. The tee is designed with a rigid polymer stake and a dynamic elastomer crown. The body and individual fingers of the crown flex with the force of the drive to reduce resistance at impact.

The ball launches off the tee with less friction and low ball spin resulting in longer, straighter drives.

In addition, the multi material construction produces a tee that can tolerate 100+ hits, keeping golf courses and tee boxes free of discarded disposable tees. The use of durable, multiple-plastic materials also cuts down on deforestation, making the product environmentally friendly.

Another great advantage "4 Yards More" Golf Tee is the height gauge, which gives golfers consistent tee depth. This allows golfers to swing consistently, gaining distance and accuracy.
