SLIDES 2 PC EXPRESS makes it easy

and fun to rediscover your 35mm film negatives and slides on your computer. Incredibly fast scanning and a single-cable connection make SLIDES 2 PC EXPRESS perfect for archiving your memories, your family&#39s memories and your friends&#39 memories.

If you&#39re like one of the millions

of people who have boxes of slide carousels in the attic or a stack of those little yellow boxes in the kitchen, SLIDES 2 PC EXPRESS is perfect for you! Don&#39t know what happened to your projector? Don&#39t know where to buy a replacement bulb for your projector? SLIDES 2 PC EXPRESS eliminates the hassle and brings those memories of family dinners, graduations, vacations, and joyous occasions back into your life.

Just install the included software

on your computer, connect SLIDES 2 PC EXPRESS using the attached cable, and you&#39re ready to reacquaint yourself with your old pictures!

SLIDES 2 PC EXPRESS is a

high-resolution scanner with a high-quality optic element. This outstanding attention to quality ensures that you can capture all of the color and detail in each one of your slides or negatives. Fixed-focus range, automatic exposure and color balance guarantee that your memories are captured optimally with accurate color conversion and perfect imaging.

Don&#39t let your memories collect

dust or turn yellow one day longer! Enjoy them every day and share them with SLIDES 2 PC EXPRESS.
