Inka Pen - Write in all conditions – underwater, at any altitude

Product Name: Inka Pen - Write in all conditions – underwater, at any altitude

Manufacturer: -

Model Number: PGIFTSO670

Whether you are scuba diving, exploring the backcountry or simply want a pen handy wherever you go, the Inka Pen delivers the innovation, quality and durability you expect from the highest quality writing instruments.

We think

that Pen World Magazine said it best when they reviewed the Inka Pen: "Small and ingenious, this pen belongs in the same class as our greatest icons of strength in compact packages; the Porsche 911, the Swiss Army Knife, Sugar Ray Leonard. Nite Ize has developed

a new product category of writing instruments that are specifically designed for use in extreme environments.

The Inka Pen is engineered

to write in all conditions – underwater, at any altitude, in temperature extremes and at any angle. It's innovative & patented, multi-function design allows you to use it as a quick-use pen or a full-size fine writing instrument, and the stainless steel split ring allows you to attach it securely wherever you need it. Available in both a stainless steel and ultra-lightweight titanium version, the Inka pen offers exceptional strength, durability and corrosion resistance. It features a replaceable pressurized ink cartridge that gives the Inka Pen its amazing ability to write in extreme conditions as well as a built-in touch screen stylus.

Product Details

- Ink Color: Blue
- Weight: 17g; length: 8cm closed, 12.7cm open; diameter: .95cm
- Temp Range: -30 degrees to 300 degrees; Angle of Operation: 0 degrees to 360 degrees; weather conditions: any.
- Materials: hardened 304 stainless steel with centerless ground finish, precision cast high-strength carbon fiber body, low temperature Viton o-ring seals.

Price: R330.75
