Capdase Bluetooth Keyboard for iPad

Product Name: Capdase Bluetooth Keyboard for iPad

Manufacturer: -

Model Number: PGIFTSO734

If you want a portable keyboard for your iPad that not only looks good but works great then look no further than the new Bluetooth keyboard from Capdase. It attaches to its carry case via integrated magnets, so its easy to remove should you prefer the keyboard on its own. Although designed for the iPad, its also caompatible with most portable devices and other tablets with Bluetooth technology.

The keyboard seamlessly pairs with the device over Bluetooth and can be recharged via USB with the help of an included cable. The keyboard comes with its own stylish case that can also convert into a tablet stand.

The new case offers the possibility to place the tablet in both landscape and portrait mode at an inclined angle perfect for both typing and viewing multimedia. The tablet keyboard also comes with a set of iPad specific shortcut buttons including web browsing, media control, editing and others.

The keyboard is full-sized, offering maximum typing comfort. The soft interior of the keyboard case will keep the keys dirt and scratch free.
