Double Disk Puzzle

Product Name: Double Disk Puzzle

Manufacturer: -

Model Number: PGIFTS0742

This puzzle is a wonderful new challenge to keep the big brain in your family busy! Once all the colours are disordered it's up to you to rearrange them so that both sides of each disk are the same color again.

With four different colours and four rotating sides, the Double Disk can get quite tricky to solve, even for puzzle-minded people. Like a Rubik's Cube, the object of Double Disk is to get like colours together on each side. Both sides of each disk turn independently so the colours from one disk end up on the other.

Once all the colours are disordered it's up to you to rearrange them so that both sides of each disk are the same colour again. The Double Disk comes with a helpful guide in case you get stuck trying to solve the puzzle. This puzzle is a wonderful new challenge to keep the big brain in your family busy!

- Double disk with four rotating sides of colour
- Includes hint guide to help you solve the puzzle
- Great brain teaser for home or classroom use
