Levitating Globe With Pen Stand

Product Name: Levitating Globe With Pen Stand

Manufacturer: -

Model Number: GIZMO150

Magic! If you were not aware of the physics behind this amazing Levitating Globe, there's no doubt that you will think it's pure magic! Designed on the principles of physics, using the power of electromagnets and three powerful, permanent, neodymium magnets to achieve levitation and frictionless, smooth, rotation of the Mini Globe. The "Desk Top Rotating Mini Globe" floats & smoothly rotates in mid-air! The Levitated Mini Globe is not attached to anything! It can run all day. It will relax, calm, and put people in a positive mood. It is a great gift for a colleague, a boss, a receptionist, a great accessory
