Jabra SP 500 Bluetooth Speaker Phone

Product Name: Jabra SP 500 Bluetooth Speaker Phone

Manufacturer: -

Model Number: GIZMO157

The Jabra SP500 is the most versatile Bluetooth speakerphone on the market. Jabra has become the market leader in hands-free communication products through the innovation and performance of their products. The Jabra SP500 is designed to perform superbly in any location ? in the car, home or office. Total Mobility The Jabra SP500 is a truly portable Bluetooth speakerphone, ideal for use in the car, office or at home. This palm-sized speakerphone is the perfect companion for a busy mobile lifestyle ? when effective communication is key. No Installation Required To enjoy hands-free, cordless speakerphone conversation, just place the Jabra SP500 on a desk or tabletop and pair with your mobile phone. If you're out driving, the handy travel kit, including clips, suction mount and charger ? means you can clip it onto your sun visor or affix to your windshield and keep your eyes on the road. Advanced features Innovative, intelligent features assure you crystal clear hands-free conversation whatever your environment. You can keep talking and keep your hands on the wheel, as it automatically adjusts speaker volume to account for background noise with its specially designed DSP (digital signal processing) solution. Easy to use The Jabra SP500 has been designed for total ease-of-use with the busy professional in mind. A dedicated pairing button means you're just one touch away from Bluetooth connection to your mobile phone. Other convenient features include pivoting microphone for optimal voice pick-up, digital volume wheel and mute button for added privacy. State-Of-The-Art With up to 20 hours talk time and 480 hours standby, the Jabra SP500 will see you through the working day and beyond! Add to this the latest Bluetooth technology 1.2 for faster connection and improved audio quality and you have one of the most technologically advanced Bluetooth speakerphones on the market today. Communicate freely and naturally in the hands-free world. Release your Jabra.
