Serengeti Andros Black 555Nm Polarised Sunglasses

Product Name: Serengeti Andros Black 555Nm Polarised Sunglasses

Manufacturer: Serengeti

Model Number: S6808

The finest lens the world has ever seen. The premier Strata $\frac{1}{2}$ lens combines Serengeti's patented Spectral Control $\frac{1}{2}$ System with optically precise polarization. Now the glare and haze of boating and water activities is a distant memory. This superior polarized technology is available in the popular gray/green 555nm $\frac{1}{2}$ lens and the classic Drivers $\frac{1}{2}$ lens. Features: • Base Curve: 6 Rx • Temple Length: 130mm/Spring Hinges • Lens Size: 55 x 33 x 58mm, DBL 15mm • Serengeti uses only the most optically correct and technically efficient polarizing film available • Polarizing film is placed between two layers of glass, so it won't wear off or out
