

Bladefish 5000 - Sea Jet Underwater Scooter

Product Name: Bladefish 5000 - Sea Jet Underwater Scooter

Manufacturer: -

Model Number: TGS2043

The BladeFish 5000 Sea Jet underwater scooter is perfect for scuba diving, snorkeling and swimming. The innovative, compact design of the unit allows for high power and long run time while only weighing 4.9Kg.

Nothing could be more true of the Bladefish Seajet, small but perfectly formed to give you the highest possible performance during your dive, without needing to be a body builder to carry it around out of the water. Fully integrated, cutting edge, "Lithium Ion" battery technology provides Bladefish Seajets with all the power you will ever need, at less than half the size and weight of equivalent models.

Don't let it's small size fool you! The BladeFish can get up to 5.25 km/h and has a run time up to 2 hours. Also, because the BladeFish underwater scooter uses state of the art Lithium Ion batteries, a discharged Blade Fish can be charged and ready to go in about 2 hours minimizing any down time. Also, due to the BladeFish 5000's extraordinary portability, carrying it to your favorite dive spot is a breeze and packing it in your luggage has never been easier. The BladeFish 5000 DPV (Dive Propulsion Vehicle) comes equipped with computer controlled circuitry, double seals and battery life meter.

Specifications

Battery Lithium Ion 18v (Duo)

Power Rating 240 watts

Motor Chuangi 18v

RPM (max) 550

No. of Speeds Three Speed

Speed Rating 6 kmh

Depth Rating 40m

Run Time (approx) 70-120 mins

Weight 4.9kg

Dimensions 380mm x 360mm x 160mm

Buoyancy Near Neutral

Charger Type Fast

Charging Time 4hrs

"Ready to Go" Charge Time 2hrs

Additional Features Computer controlled circuitry, double seals, battery life meter.

Includes durable carry/storage bag and charger with mains lead.

Price: R5,998.80
