E-Sky Big Lama E020

Product Name: E-Sky Big Lama E020

Manufacturer: -

Model Number: TGS2049

The new Esky Big Lama is a larger outdoor co-axial model with enough power to fly outdoors in calm conditions, unlike the smaller co-axials that really struggle. This is a great model for beginners who want a heli that is easy to fly and looks great but has more power for those breezy days.

Features

Outdoor flight helicopter, great power against wind
Co-axial counter rotating double blade system
Easy to fly with simple operation, designed for beginner
Ready to fly out of box
Digital servo with precise movements and sensitive reaction
