Battleship Usb Hub

Product Name: Battleship Usb Hub

Manufacturer: -

Model Number: TGS2222

Not just a pretty hub, the Battleship Usb hub was designed to visually anchor the cable chaos surrounding most of our work spaces, with a toy-like, miniature ship...

Too many devices, but not enough USB ports? No problem. This battleship wins that fight with it's loaded deck of 5 USB 2.0 ports and is compatible with Windows and Mac.

Even though the USB hub is nostalgic, its neutral grey color and minimal detail give it a level of sophistication. The cable is approximately 70 cm long and the hub has rubber non-slip feet. Perfect for home and office use.

Price: R198.00
