Da Vinci's Helicopter Puzzle

Da Vinci wasn't just an artist, but was also an engineer, inventor, scientist and architect. He made important discoveries in all fields, and a design of this helicopter looked very similar to those built 400 years later. Can you take the helicopter puzzle apart, so that you end up with 3 separate pieces?

About Leonardo Da Vinci 1452 - 1519

He was an Italian polymath, regarded as the epitome of the "Renaissance Man", displaying skills in numerous diverse areas of study. Whilst most famous for his paintings such as the Mona Lisa and the Last Supper, Leonardo is also renowned as a scientist, engineer and inventor. The areas of his scientific study included aeronautics, anatomy, astronomy, botany, cartography, civil engineering, chemistry, geology, geometry, hydrodynamics, mathematics, mechanical engineering, optics, physics, pyrotechnics and zoology.
