Romoss Sofun 6 15600mAh Power Bank

Romoss Sofun 6 15600mAh Power Bank

Product Name: Romoss Sofun 6 15600mAh Power Bank

Manufacturer: -

Model Number: PGIFTS6HPH60-101

Product Description Does your Smartphone or Tablet batteries run flat too quickly. Does your device stay plugged in to the mains constantly. Designed for charging devices such as smartphones, tablet PCs, MP3 Players, MP4 Players, PSPs, Notebook and Laptops. **Wide Compatibility, Powerful Charge** The internationally patented eUSB Technology enables eUSB sofun 6 to detect voltage automatically and is a superb creation to support a broad range of laptops and other mobile devices, such as, tablets, smartphones, MP4s and digital cameras. **Fitcharge Technology Juice up** tablets, smartphones, MP3s etc. Built in the leading Fitcharge Technology, it can automatically detect the input current demand of different devices and their specific charging needs for improvised compatibility. It is perfectly compatible with a wide variety of tablets, smartphones, MP3s etc. **Super Charge, Little Waste** With the superb circuit design inside, it enjoys power conversation rate up to 90%. It outputs 15% more of actual power into mobile devices than ordinary power bank with the same capacity. **Sync Charge, Stunning Experience** Ease your charging emergency! It can be charged and charge your device at the same time. Never worry about a situation that both of your power bank and device are out of power. **Dual-output, High Charging Efficiency** What if your laptop, tablet or smartphone are both out of power? eUSB sofun 6, one for more. It is powerful enough to boost 2 hungry devices at the same time. Let go of safety worries while in fast charging, and enjoy better-than-ever portability. **Unexpected Safeguard** Engineered with the multi-protective circuit design, it acts as a safeguard to give a better-than-ever protection for your mobile devices in all-around ways, reassuring you a satisfied and safe charging experience. **Product Highlights** High capacity up to 15600mAh Perfectly charge laptops up to 65W, tablets and mobile phones User friendly, the smallest among batteries of the same power Takes only 4 hours to charge itself, shorter time in waiting Slip and Shock proofed and extremely durable, suitable for outdoor use Smart multi level protection ensures safety and reliability Highly efficient voltage booster circuit, actual power output is 10% higher than ordinary products Alloy plastic structure ensures ruggedness Smart sleep mode helps save power and prolongs endurance
