Iceless Wine Cooler

Product Name: Iceless Wine Cooler

Manufacturer: -

Model Number: pgg022

Wine Chiller It's like having a Sommelier tend to your valued wines. Our Sommelier's Wine Chiller cools or warms your wine to the proper temperature using advanced Peltier thermoelectric technology. Your wine is always served at the recommended temperature for optimum flavor and bouquet. Internal database of 26 types of red, white, and champagne wines. Simply select your wine from the large, backlit LCD screen and the chilling or warming begins. Alarm sounds when the wine has reached its optimum serving temperature. Aluminum reservoir holds most wine and champagne bottles.
