Tiger Rug

Product Name: Tiger Rug

Manufacturer: -

Model Number: pgg111

Gone are the days (thank goodness) when chinless wonders roamed the rapidly fading pink parts of the globe, tanked up on gin and taking pot shots at anything with a big head - which you'd think would have led to more of them shooting each other. This is of course exceptionally good news for the world's wildlife, if not for the purveyors of oversized pith helmets. At over six foot long (nose to tail), this Tiger Rug is a top piece of delightful silliness. Your Tiger is at home in more places than you can poke a stick at, so here are some suggestions. In front of the fire place, by your bed, on your bed, on the wall, back shelf of the car, over the back of chair, the list goes on and on, and then starts getting really weird. Size:210cm (nose to tail), 109cm (paw to paw), 22cm (chin to top of head).
