Product Name: Soft Touch Desk Planner - World

Model Number: CALENDER101

Specifications

Soft Touch Planner: Each of these desk planners has 12 pages showing a total of six different background pictures. Choose between glued or wire-bound desk planners. The advantage of wire binding is that the user does not tear the planner apart over the year. In this way the planner stays an intact month-at-a-glance reference diary.

The additional full strength image introduced at the foot of the 'Notes' section of this planner gives added visual impact to the 'ghost' image printed under the calendar grid
